He was the biggest winner at the Western horse shows—Denver, Fort Worth, Dallas and other places. Mr. Anderson will take pleasure in showing him to those who anticipate breeding. He regards this horse as the best son of Neddie Connor to breed to.

Fired at Auto

Lexington Leader.

A bullet was fired at the automobile of Thomas M. Russell of Maysville by an unknown miscreant Wednesday evening as Mr. Russell was nearing Paris on his return from Lexington to Maysville, after having stopped in Lexington during the day. The bullet struck the wind-shield on the automobile, shattering the glass. Mr. Russell was accompanied by his wife.

Highest Exam. Marks

The Lexington Leader prints the following complimentary notice of a former young man of Maysville:

"Mr. C. W. Wardle, a senior student of the College of Mines and Metallurgy of State University, has the distinction of having made the highest grade in the Civil Service examination recently held by the United States Geological Survey. Though he heads the list of eligibles for a position on the Survey, he realizes the possibilities of Kentucky as a mining field, and after graduation will probably return to Eastern Kentucky and take a position with the Swift Coal and Timber Company, by whom he was employed during the summer months of 1910."

STATUTE LAWS

Merely Ruled Upon By Judge E. C. O'Rear—Governor Cox and Others Framed the Noted Bill

In a recent article published in The Louisville Evening Post, and under a communication, much credit is given Judge E. C. O'Rear for "his great act of justice to the mountain people," in writing the opinion of the Court in what is known as the "Land Title Case," or the clearing up of land patents or grants that had lapped or overlapped each other, and known as the "Revolutionary Grants," "Virginia Grants" and "Kentucky Grants," and establishing the ownership of such grants.

It was a magnificent act on the part of Judge O'Rear to write the opinion of the Court in which the whole Court agreed, and to have his opinion sustained by the Court of last resort or U. S. Supreme Court.

The article was published for a political purpose and to further the interest of Judge O'Rear in his race for the Republican nomination for Governor. But let us see to whom credit is due, for we believe in giving credit where credit is due. At the close of the session of the Legislature in 1904, a committee of five Senators was appointed to revise the Tax Laws of the Commonwealth, and was composed of the following Senators: J. W. Cammack, G. W. Hickman, Luban Phelps, W. W. Boole and William H. Cox. This Committee worked faithfully for two years, held meetings, visited many different sections of the State, giving their time and much of their money free of cost to the State, as their actual traveling expenses was all that was ever repaid them by the State. The Committee reported to the session of 1906, a bill afterwards known as "Chapter 22, An Act Relating to Revenue and Taxation," which passed both Houses of the Legislature and received the signature and approval of the Governor. The longest Bill with the shortest title that ever became a law, covering 161 pages. Article 3 of this Act is known as the "Land Title and Old Land Grant" section.

Now the honor of formulating and having passed that law, which has been of such benefit to the mountain people of Kentucky, belongs, and rightly so, to this Committee, who worked so faithfully for it, and the Court of Appeals, Judge E. C. O'Rear writing the opinion, merely decided the constitutionality of the act. So long as the communication has been published as a political one in the interest of one of the candidates for Governor, we are of the opinion that another candidate for Governor, Lieutenant Governor William H. Cox, should have the credit, nay the first credit, for being one of the five Senators who formulated and passed the Bill that became the law of the land.

ANAEMIA AND WEAKNESS

Constantly Being Cured by Vinol, An Interesting Case Reported

Greensboro, N. C.—"I would not take a thousand dollars for the good Vinol has done me."

"I was told that cod liver oil was the medicine I needed for poor blood and my weakened condition. I could not take the greasy mixture, but when my druggist explained to me that Vinol contained all the medicinal curative elements of cod liver oil, without the grease, and tonic iron added, I made up my mind that Vinol was the medicine for me."

"I tried it, and today am strong and well.—Mrs. J. T. Snider." (We guarantee this testimony to be genuine.)

Vinol is a specific for impure, impoverished blood and it is the greatest tonic we know of. We sell Vinol always with the understanding that if the purchaser is not satisfied with the result it gives, we will cheerfully refund his money. That seems fair. John C. Paeor, Druggist, Maysville, Ky.

Won't Do to Monkey With

Yesterday evening about 5 o'clock, as William Bennett, better known as "Goose," was walking up Limestone street, near the Foundry, he was ruthlessly butted into by Percy Campbell Bennett being crippled and walking with a cane and crutch, he was nearly knocked off his feet by the impact, and naturally remonstrated with his colored brother for his rudeness. Campbell is said to have replied in vitriolic verbiage as follows—"You s---, if you are lame, home is the place for you."

The two parted, Campbell seeking the saloon at the corner of Limestone and Front, and Bennett his home on Hord's Hill, where he secured his trusty shotgun, and retracing his steps entered the aforesaid saloon and without saying a word let go and shot Campbell in the side and arm, the latter receiving most of the charge.

The wounded man was taken to Dr. Patton's office, where the injury was dressed. While badly hurt the wound is not necessarily dangerous. Bennett was arrested by Officer Ryan and is now in Jail. Campbell bails from Concord.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

Is equipped with all stock necessary to "FIT GLASSES." There are several dealers of spectacles and others who fit in this city. I don't know who sells the "bums," "off-rats" and "cheap job's." I have gone very carefully over my customers' names and fail to find any who have been arrested for "bumming," "drinking" or "shooting" or "peace breakers," etc. We fit and sell glasses. It matters not to me whether they buy spectacles or eye glasses, we carry both, and they are for sale and we sell them. The best evidence that they are satisfied, they come back when they need them. Our prices are low, our quality is good and we guarantee them.

"How Can I Appear Best Always At the Smallest Money Cost?"

This is a mighty important question to you. It strikes right at the heart of the clothes question. We can best help you answer it. It's not the first cost that counts. An unworthy garment is the most expensive in the end. The secret of dressing well at a minimum expense lies in the care of the selection. If you select wisely and well, we have no fear that you will pass our present offerings. And the first cost of clothes—the kind we sell, admittedly the finest garments procurable, made specially for us—is no greater than that of ordinary clothes.

At Washington yesterday the Kentucky Democratic members decided to let Caleb Powers be sworn in today as a Member of Congress from the Eleventh District.

CALAMITY

IS FORESEEN BY WILLSON

If Judge O'Rear Is Nominated By Kentucky Republicans

Declares the Party Surely Will Go Down to Defeat if Jurist is Named to Head Ticket

Governor Willson will not support Appellate Judge E. C. O'Rear for the Republican nomination for Governor.

"Judge O'Rear's nomination would be a calamity to the Republican party in Kentucky," says Governor Willson, "and his election would be unfortunate for the State. I have not made any fight on Judge O'Rear, but I have not tried to deceive the people about my position in this race. Personally I feel kindly toward Judge O'Rear, but politically I think his nomination would mean a sure defeat for the Republican ticket this fall. The speech he made at a meeting of tobacco growers in Frankfort was a dreadful thing. I felt it my duty to rebuke him, and I cannot support him for the nomination."

"All you use your influence or the influence of your office against Judge O'Rear, to deprive him of the nomination?" was asked Governor Willson.

"When I became Governor of Kentucky I felt that I was elected to serve the people, and not to use my office to select or aid in naming any successor. I will not turn over my hand as Governor to defeat Judge O'Rear for the nomination, nor will I use my office in any way to defeat him for the nomination."

Governor Willson denied that he had been writing letters over the State urging Republican leaders not to support Judge O'Rear for the nomination. He said he would take no part in the Convention.

20% UNDERFEED INVESTMENT

Most heating systems are an actual drag on the domestic treasury. If you want to enjoy actual every-winter dividends, tear out your old glutinous coal-eater, with its uneven heat and hard-to-satisfy appetite for fuel. Put in a

PECK-WILLIAMSON UNDERFEED FURNACE OR BOILER

Choose the system you like best—warm air, steam or hot water. Cheapest slack in the Underfeed yields as much clean, even heat as most expensive grades; which ordinary heating plants require. All the fire is on top and has to eat down into the fresh coal against the draft. Combustion is slow and perfect, and smoke, soot and gases are entirely eliminated. This enables Underfeed furnace and boiler users to

SAVE 1/2 TO 3/4 OF COAL BILLS.

This saving represents a 20% dividend on the investment for this modern system of heating. Figure it out. It won't take long to get your money back. The Underfeed adds to the selling or renting value of any building.

Write today for free booklets on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representative will be glad to call any time and make you a detailed proposition.
